

# Peoria High School

July 22, 2009

Hickman Egg Ranch

Dear Mr. Bill Hickman:

In a time when everyone is watching their pennies because of the state of the economy, you found it in your heart to step forward and donate 24 pallets of fertilizer.. Because of your generous donation of the chicken fertilizer, we've been able to maintain the grass areas on our newly renovated campus. In addition, we were able to go to Cheyenne Elementary and Peoria Elementary and fertilizer their campus. With your help, the grass on all three campuses is now a beautiful dark green and is growing at rate equal to or better than the commercial fertilizer we would've brought. As you know, all schools have been affected by the state of the economy and our administration had to choose between fertilizer and purchasing items to make our students successful. Because of your donation, the decision was an easy one and the students will be able to see the results of your donation and will be proud of the way our campus looks.

On behalf of the administration, staff and students at Peoria High School, as well as Cheyenne and Peoria Elementary, I would like to thank you for your donation of 24 pallets of chicken fertilizer to assist in the beautification of our campuses. Please do not hesitate to contact me in the future if there is something we can do for you.

Sincerely,

Jerry Lear  
PHS Maintenance Supervisor
